1.3 of 147.1 irr. ac.

(Note: 1.3 is the amount of the total volume available in the water rights)

STATE OF CALIFORNIA

Joe Scott
State Watermaster

Department of Water Resources
Northern District
Watermaster Section
2440 N. Main St.
Red Bluff, CA 96080

Office (800) 700-2129

Note: Water rights are from March 1 - November 1 every year.

The water rights are for Diversion Ditch 19 ONLY. "China" Ditch is NOT included in the water rights - However, from the gate at the Shasta River to Diversion Ditch 19 is a combination of the two ditches, so to draw water between those points in the "China" Ditch is okay because part of the water in that ditch is water for Ditch 19.

Livestock can drink directly from "China" Ditch but no water may be drawn all year.

This parcel may draw up to 0.03 Cubic Feet per Second from Diversion Ditch 19

The Water Master and other users for both the "China" Ditch and Diversion Ditch 19 have ingress/egress rights any time for maintenance.

If there are any questions, Joe Scott (card above) is the Water Master, who has the answers. He is VERY friendly.
